Beginning 2024 Games, Contract and Duplicate Bridge will be combined into one main event. These events will be conducted separately. Participants may choose to enter one or both events if the province/territory does not exceed 20 total participants.

CONTRACT BRIDGE RULES INFORMATION

American Contract Bridge League Laws of Contract Bridge will apply.

1. All players must have the same partners throughout the competition.
2. Depending on the number of entrants, the tournament will be a round-robin or a modified round robin format with four hands per round.
3. The pair accumulating the highest total score during the entire tournament will be the winner.
4. All conversation shall be in English as recognized as standard procedure in international competitions. **EXCEPTION: All conversation shall be in both English and French when the Games are held in Quebec.**
5. Unnecessary talking will not be permitted.

OFFICIAL CONTRACT BRIDGE RULES

1. North Player has first deal, followed by East, South and West.
2. A round consists of a series of four deals that have been bid and played. If a deal is passed out, the same player deals again, and the deal passed out does not count as one of the four deals.
3. Cards may not be picked up until the deal has been completed. If any of the four players do not have 13 cards, a misdeal is declared. The same person will re-deal, with the player on the left remaking the cards and the one on the right cutting again.
4. A misdeal is also declared if a 10-honour card or a face card is exposed during the deal. The same re-dealing procedure is followed.
5. One bid's must be played.
6. Honours must be scored before the next hand is dealt.
7. Vulnerability is not determined by previous scores but by the following schedule (Chicago system):
 - 1st Hand – Neither team is vulnerable
 - 2nd Hand – Dealer's team is vulnerable
 - 3rd Hand – Dealers team is vulnerable
 - 4th Hand – Both teams are vulnerable
8. For making a game (100 or more trick points), a side receives a premium of 300 points if on that deal it is not vulnerable or 500 points if on that deal it is vulnerable. There is no additional premium for winning two or more games, each game premium being scored separately.
9. Each hand is scored on its own merit (2♠ making 3 is 140 (90+50), 4♥ vulnerable is 620, etc.). There is no accumulation of part scores or games from deal to deal during the round.
10. Players may not check back on the last trick once the next lead has been made.
11. In playing the hand, the player may not reach across and play from the dummy before the person on their left has played. No one else may touch or play a card from the dummy.
12. The penalty for revoking (reneging) is the value of two tricks awarded to the opponent.
13. The cards will be played to the last trick, unless it is obvious that one player has the remaining 'boss' tricks. Regardless, hands will be completely played out if requested by any player.
14. There will be two score cards at each table. A member of each pair is to keep score. After completion of the round and the totalling of scores, opponents will initial each

other's card before they move on to the next table.

15. In the case of a tie for a medal position at the end of the round robin, the marshal will review the scores from only those games involving those teams that are tied to determine the winner. If, in the oft chance that a tie still exists after this, the teams tied will play an additional round (4 hands).
16. **A qualified official to ensure fair play for all will oversee competition.**
